Here is an opportunity to eliminate the academic "summer slide" while having fun! This camp is designed to meet both the academic and social needs of late Elementary and Middle School Students.

## Course Catalog

### *AM Courses*

#### **READING**

Students will work through several literary concepts while reading short stories in order to develop and advance their literary comprehension and understanding. Concepts will be taught through various techniques such as note-taking, discussion, dramatic play, and art.

#### **WRITING WORKSHOP**

Students will receive guidance through the writing process steps in a group setting as well as one on one specific lessons in order to further their skills in brainstorming, development, and detail with creative writing and non-fiction writing.

#### **MATHEMATICS**

This course is for students who wish to develop systematic methods for problem-solving by building a solid foundation through reviewing arithmetic skills and expanding the knowledge of algebraic skills in mathematics.

-----  
**Mid-Day break from 11:30 - 1:00 PM includes:  
Lunch/Swimming/Basketball/Rock Climbing**  
-----

### *PM Courses*

#### **STEM ROBOTICS**

This session is for students who wish to engage in building and programming robots to solve engineering challenges, incorporating creativity and innovative ideas.

#### **PERFORMING ARTS**

Students will engage in activities based upon arts such as theatre and dance, as well as creative movement and story-telling, in order to explore and develop creative moments in creation, expression, and imagination.

#### **VISUAL ARTS**

In this camp, students will be creating outstanding works with our resident WA Visual Arts teacher. A studio art class where students will do a variety of pieces, using different painting techniques and mediums on a Middle School level.

#### **OUTDOOR NATURE ADVENTURE**

Campers will spend time exploring nature with trips to Beaver Brook, Mines Falls and a hike at Pack Monadnock. They will also explore Geocaching- the world's largest outdoor scavenger hunt using GPS technology.

#### **DEV KIT**

Campers will learn to use the DevKit mobile app to create their very own apps and games. Using an iPhone or iPad, your child will use DevKit to explore the fundamentals of coding and app development, while creating their very own app.
