

Welcome to Summer Quest 2018 at World Academy!

Dear Families,

Although we are in the thick of winter, we can still dream of warmer weather and all of the fun in the sun that summer camp brings! Believe it or not, we are already busy planning for summer, and now is the time to register for Summer Quest! Our Summer Camp Committee has developed wonderful themes based on last summer's successes and feedback from campers and parents.

We'd like to share some camp details and highlight some of the exciting events and activities that our campers can look forward to when spending their summer with us at World Academy. It is our goal to make the experiences during the summer engaging, exciting and fun-filled! Some of the 2018 summer camp themes include: Outdoor Adventures; Somewhere Over the Rainbow; Down by the Sea; Animals Here, There and Everywhere!; and Magical Mixtures and Experiments!

Each week, campers will have the opportunity to explore adventures such as travel, camping, ocean life, superheroes and community heroes, movement and exercise, as well as perform quirky and fun science experiments! Our amazingly creative staff is working non-stop to develop crafts, cooking activities, and games that will be dynamic to encourage your child to dive even farther into the theme. Campers will interact with live animal exhibits and explore ecosystems during **Animals Here, There and Everywhere!** They will create treasure maps and run and leap through a fun-filled water field day during **Down by the Sea!** Elephant toothpaste? What could that be? Your camper will learn how to make this creation and many more with amazing science activities in **Magical Mixtures!** Let's find hidden treasures outside with geocaching activities during **Outdoor Adventures!** These and many more activities await your camper this summer!

Don't forget the games! All day long, your camper will be introduced to games such as volleyball, basketball, chess, and even Sherlock Holmes! They will learn how to build structures of their own design such as forts and maybe even catapults! If your child enjoys friendly competition, he/she can participate in Minute-to-Win-It games and earn prizes during fitness challenges through the summer. There will be outdoor tournaments with field games and horseshoes, as well as indoor soccer and capture the flag. While learning about the importance of collaboration and physical fitness, campers will have a chance to work as a group to earn team prizes! Enrichment programs such as swim lessons, dance, drama, karate and Lego Robotics will also be available.

It is our intention to fill your child's summer with jammed-packed moments of fun, adventure, friendships, and spontaneity. Our wonderful staff of excited and trained camp counselors, many of whom are teachers from our Middle School and Elementary programs, have been screened for their energy levels and camp talents to be sure your child will get a safe, professional and consistent summer of fun! We look forward to having you join us during our bright sunny days of Summer Quest! A separate **Activity Form** will be sent out in March so that you can sign your children up for specialized activities. If you have any questions, or would like more information, please feel free to reach out to me.

Sincerely,

Erin Seguin

Kindergarten Teacher, Summer Camp Program Coordinator
