

An Education That Makes a **WORLD** of difference!

WORLD ELEMENTARY

Kindergarten and Grades 1 - 6
At World Elementary the focus is on *enrichment* and *individualization*. This occurs in developmentally-appropriate, small classes that emphasize literacy, character, diversity, conflict resolution, problem solving, communication and negotiation skills and family uniqueness, in order to give a strong base to our children whose future will be global in scope.

- **Multi-age groupings** that encourage child-to-child mentoring and esteem building and **looping** to allow for accelerated learning and bonding.

- **Wrap-around child care** including breakfast, lunch & 3 snacks.

- **Multiple classes** offer an opportunity to match a child's learning style with a teacher's teaching style for optimal learning.

- **Developmentally-appropriate** educational programs, plus specialized instruction in computers, foreign languages, music, physical education, chorus and art.

- **Extracurricular opportunities** which include dance, musical instrument instruction, karate, cheerleading and scouting.

NURSERY

Our Infants and Toddlers flourish within our developmentally-appropriate learning and growth programs that feature environmentally-controlled gross motor areas. They receive exemplary care through individualized learning and growth plans based on the RIE approach. Both also enjoy music experiences with our music specialist.

Learning happens when children positively interact with their environment, not just the surroundings, but also the people.

SMALL WORLD ACADEMY PRE-SCHOOL 3.5-5 yrs

Our preschoolers thrive in our enriched educational programs and enjoy specialized instruction in computers, physical education and music, as well as extra-curricular activities in music, dance & karate.

SUPER SUMMER CAMP PROGRAMS

Camp runs from the last day of classes in June to the last week in August.

Younger children (ages 6 weeks to 5 yrs.) can participate in age-appropriate and developmentally-appropriate programs for the whole summer.

Older children (ages 6-12 yrs.) can participate either on a weekly basis or sign up for the entire summer. Children 12 and older can participate in our Junior Counselor Program.

Activities include:

camping (on and off the premises); nature experiences; sleepovers; swim instruction and water experiences (two outdoor pools on the premises); Camp Invention; special interest programs including arts and crafts, sports camps, field trips, specially-equipped "FunQuest" building, computers, cooking, dance, science, theater, and much more!!!

"BIG KIDS CITY" PROGRAM

"Big Kids City" is a before-and-after-school program for elementary and school-age children. We offer exciting choices for fun and learning, opportunities to grow, and more comprehensive hands-on activities to round out their busy day. Transportation is available for children who do not attend World Elementary.
