

# Small World Grand Opening Huge Success

After months of preparation, Small World Country

First grader Alex Bartis seems to be more interested in playing with Legos than interacting with anybody.

Day School and Child Development Center in Nashua officially opened its phenomenal new "state-of-the-art" \$1.8 million 15,500 square foot facility on Spit Brook Road Saturday with a resounding reception of enthusiastic teachers and parents.

On this rainy day, hundreds of enthusiastic adults and children at the open house and grand opening strolled through the facility and grounds, tested the new computers and tried out the new playground.

For the past 15 years, Kathy and Gary Nelson of Hollis, owners of Small World, have been dedicated to creating a well-rounded developmentally appropriate learning environment in which children are able to expand their physical, emotional, intellectual and social skills. Kathy believes that "learning should

be fun, but education should be taken seriously."

The growth of their program recently necessitated the construction of a new facility. To successfully bring their vision into focus, the Nelsons required the talents of a construction management company equally dedicated to the project — Fulcrum Associates.

Based in Nashua, Fulcrum Associates is a general contracting and construction management company that has been steadily building a solid reputation in the field since 1989.

Fulcrum Associates assembled a team of professionals who turned the Nelsons' ideas into a wonderful "small world" for more than 300 children (newborn to third grade) which includes a state-of-the-art security system, library, computers, music

Kathy Nelson and her first-grade son, Garrett, pose by a creative Halloween scene by the front of the new Small World building.

room, gymnasium, kitchen, customized hand-painted artwork and numerous additional amenities. Small World also accommodates extraordinary extracurricular activities such as dance, karate, music,

outdoor athletics and swimming in their own pool during summer camp.

For more information on the facility or to sign up your child, call Small World at 888-1982.

Nashua Mayor Rob Wagner cuts the ribbon at Small World's front door as Kathy and Gary Nelson officially open their new building.
