

WELCOME TO SUMMERQUEST 2025 AT WORLD ACADEMY!

Dear Wonderful World Academy Families,

Although we are in the middle of winter, we can still dream of warmer weather and all of the fun in the sun that Summer Camp brings. Our Summer Camp Committee has already developed exciting new themes including **Lights, Camera, Action; Adventure Land; Earth, Wind and Fire!; To the Extreme!;** and **Mystery Madness!** It is our goal to make each camper's experiences engaging, exciting and extraordinary!

Throughout the summer, campers will participate in adventures such as field trips and campfire nights; joining in recreational activities and sports; as well as, performing quirky and crazy science experiments; participating in spontaneous games and contests; and enjoying laughter and fun with friends! If your child would enjoy a dynamic, well-rounded summer of sports, games, arts and crafts, theater experiences, science challenges, camping, and other age-appropriate activities in a safe, local, fun environment with their neighbors and friends, **this is it!** Our community **is known and trusted** to be able to supply your child with healthy, safe and challenging fun in an atmosphere of caring.

Special activities related to our themes include leaping through a fun-filled water obstacle course during **Adventure Land;** marveling at amazing mixtures and story telling by the Science Heros show themed "Adventure of the Missing Color" and other psychedelic science activities during **Mystery Madness;** and uncovering the magic of friendships while swimming and sharing campfires throughout the summer! These and **many more activities** will wow your camper this summer!

In addition, all-day long, your campers will be engaged in games such as volleyball, basketball, checkers, Pictionary, Charades and more! They will be able to unleash their inner creative architect to build fort structures of their own design on our extensive natural landscapes! If your child enjoys friendly competition, he/she can participate in Minute-to-Win-It games and earn prizes during fitness challenges throughout the summer. There will be outdoor tournaments including field games and horseshoes, as well as indoor soccer, capture the flag, et al. While learning about the importance of collaboration and physical fitness, campers will have a chance to work in a group to earn team prizes!

Many specialized and supplemental programs such as Swim Lessons, Sports Camps, Off-Site Field Trips, Campfire Nights, Art Camps, and Lego Robotics are also options for our campers to provide

families with a customizable experience for their children! **A separate, digital Form will be sent out this spring to families that have registered already, to sign your child up for these specialized programs.** They fill up quickly and are on a first-come, first served basis, so keep an eye out for them! If you have any questions or would like more information, please feel free to reach out to us.

We look forward to having you join us during our bright sunny days of SummerQuest where campers will have a blast making lifelong camp memories!

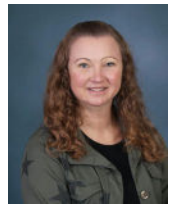

Sincerely,

Erin Seguin
